

# South Central Crete

Duration: 3 days Level: Intermediate Overnight: Wild camping Price: 350€

An excellent trip that gives you the chance to paddle in one of the most amazing coastlines of Crete. Part of the trip includes an open crossing to Paksimadia islands (14km).  
Overnight in tents.

## Overview of the trip

[350€/person](#) [Book](#)

If the group prefer to overnight in small apartments we can alter the plan but that means that we wont do the open crossing to Paksimadia as there isn't any accommodation nor any buildings on them. Cost for accommodation is about 30-50€ for a room with 2 beds.

### EXPERIENCE NEEDED

The whole expedition is about 135km.

Due to driving distance the 1st day we wont be able to paddle more than 10k and same for the last day.

That give us roughly 20km per day excluding those 2 days. Bad weather days will make it necessary to increase the daily kilometres up to 30 or more.
