

Sea Kayaking Equipment

Since 2020, Stelios, the owner of Enjoy-Crete, designed and build his own composite sea kayaks from scratch. The name of the brand is 3kymia (more at 3kymia.gr) and the model [Nereus](#). They perform superb in rough conditions while been stable enough and very maneuverable. Apart from those, we offer sea kayaks from Nigel Dennis (Sea Kayaking UK) and we are also an approved NDK expedition centre (the only one in Greece).

We got Nereus in 3 different versions; the Low Volume, Medium Volume and High Volume to cover all different body types.

NDK Explorer, Romany, Romany Surf, Pilgrim Expedition, Romany Excel and Pulse are also available for our trips.

We are the only company in Greece who offer 100% composite sea kayaks in our trips.

For those they prefer plastic we also got Valley Etain 17-5, 17-7, P&H Scoprio MV and also tandems from DAG (biwok).

Apart from the sea kayaks we offer tow lines & paddle floats from LevelSix and NRS.

Life jackets (buoyancy aids) from Nookie and NRS.

Neoprene, nylon and hybrid (combination of nylon/neoprene) spray skirts from LevelSix and Nookie.

Paddles from Werner, Celtic and Select paddles; the majority are glass and or full carbon.

We also got a very wide range of Greenland paddles (more than 10 different models), wood and full carbon.

Pumps from Kajaksport and Scotty.
